Range Rules

- Everyone must sign in and out. Sign-in sheet is in the grey wooden box on the porch.
- Guests must be with a member. The \$5 range fee for guests may be deposited in the pay bucket near the sign-in sheet. Members are responsible for their guests.
- Shooting is limited to daylight hours, except for events on the lighted skeet field.
- No alcohol allowed on range property. Persons under the influence of alcohol or drugs will be removed.

While on the Firing Line:

- Know and adhere to all of the NRA's Range and Safe Gun Handling Rules.
- Bring and use your own targets - MCGAC does not supply any targets.
- Eye and hearing protection are required.
- Keep your weapon(s) pointed downrange. Do not "sweep" or "flag" the firing line.
- Direct your shots at one of the berms, NOT over the berm or past the end of the berm.
- DO NOT SHOOT THE SKEET OR TRAP HOUSES! (Yes, that really happens.)
- If more than one shooter is on the line, COMMUNICATE!
- Do not go down range until all shooters agree to cease fire, calling the range "cold."
- Under a CEASE FIRE, leave your firearm(s) on the bench, pointed down range, WITH THE ACTION(S) OPEN. Anyone may call a cease fire if they see a safety issue.
- Do not commence firing until all shooters are back and the range is called "hot."
- Communicate with shooters on the skeet or trap field BEFORE going down range.
- Clean up after yourself: remove targets, police your empty cases, place trash in cans.
- If you use the skeet or trap fields, REFILL the clay targets before you leave.
- **Safety first, always! Yours and the other shooters.**
